

EVO Cleaner

The best cleaning robot on the market

The next generation of washing robots.

Program Customization:

The EVO Cleaner has an advanced control system, that is able to store 500 different programs to form as many different recipes.

With increased user-friendliness, that can communicate via a mobile 4G connection.

Multiple Movements:

A new control system that makes it possible for the robot to do two motions at the same time, with it's double nozzle.

Making the EVO Cleaner 20-25% faster!

Better Design:

The EVO Cleaner weighs in at 595 lbs, is 27 inches wide, 6.8 feet long with the sideways guide wheels and is 5.2 feet high when retracted with an effective working range of 19.6 feet, allowing you to wash rooms up to 40 feet wide!

The EVO Cleaner was launched in 2017, and is the next generation of washing robots, including increased user-friendliness, performance and improved design.

EVO Cleaner has a graphical user interface and can communicate with the user via mobile connection and the Internet.

A variety of details have been improved and added. Testing in real environment shows a radical (20 to 25 percent) reduction in your washing time.

The EVO Cleaner is made in Sweden, but is designed to meet the needs of the US market.

What the professionals are saying:

"The robot saves both our time and health...To clean without the robot is no longer an option for us." **Jonas Pettersson**
