

The Wash Hand 2.0

Make Light Work of Your Dirty Work

The next generation of washing robots.

Make light work of your dirty work by cutting wash time down by an incredible 85%-90%, while safely reducing worker exposure to disinfectant and aerosol pathogens.

Wash Hand hooks up to your existing pressure washing system using hot or cold water, and can be used with any chemical approved to use through your high-pressure pump. It has an operating pressure up to 3000 PSI and recommended flow rates 4-10 GPM.

Wash Hand 2.0

Wash Hand 2.0x2

Also available the 2.0x2 featuring twin arms, for high volume and ultra fast washing!

What the professionals are saying:

"We are very happy with the Wash Hand 2.0. I cannot overstate how crucial the Wash Hand 2.0 is to our ability to accomplish what used to be the one job that ground up any humans we could hire to do it. No one could have or would have stood up to the Wash Hand 2.0 pace. Thank you for making this option available and affordable."

- Nancy Winn, Smithfield Grower

Optimum Productivity:

- Cuts wash time by 85-90%
- Self Propelled - let it wash while you work!
- Stainless Steel arms extend 6 feet and rotate 340° while Quick-Change spray nozzle rotates 360°
- Reduces worker health concerns
